Bangladesh Public Procurement Authority (BPPA)
(BCMS Policy)

The BPPA was established in April 2002 as a unit within the Implementation Monitoring and Evaluation Division of the Ministry of Planning. It is headed by a Chief Executive Officer, who reports directly to the Secretary, IMED. The CEO has a staff complement of Directors, Senior System Analysts, Deputy Directors, Senior Programmer, Assistant Directors and other support staff.

The BPPA is a permanent institution of the government, funded under the revenue budget and established for carrying out the purposes of Section 67 which states as follows:

a. Providing for monitoring compliance with and implementation of this Act through the authority as designated by the Government

b. Arranging for the performance of the necessary functions and responsibilities incidental thereto, through the authority as designated by the government and

c. Performing any other responsibilities as prescribed.

BPPA maintains e-GP (Electronic Government Procurement) system to handle the entity Nationally and Internationally and to perform the overall operations in a faster way.

Considering the level of its operation and business criticality BPPA realizes the requirement to have a robust Redundancy for e-GP System and operations related to the system. Considering this, BPPA feels the necessity to implement the Business Continuity Management System for its e-GP (Electronic Government Procurement) to prepare the infrastructure and operation according to globally recognized standards.

BPPA will ensure the overall process through the adequate implementation of BCMS by identifying the risk factors for e-GP Operations and taking necessary actions to overcome the risks and will ensure the continual improvement of the BCMS by taking, maintaining, and fulfilling objectives for its relevant processes and operations.

In the process of Establishment, Implementation, Maintaining, and Continual Improvement BPPA is committed to fulfilling all relevant regulatory and statutory requirements and ensuring the continual improvement of the Business Continuity Management System.

This policy is approved by the highest level of Management of the BPPA and it is shared with all relevant stakeholders identified for its Business Continuity Management System.
